

## What makes the Japanese tick?

Read about it in *THE EAST* —  
the magazine that tells you more

**THE EAST** is Japan's quality English-language magazine (there is nothing to match it yet) and it tells you more about a greater variety of subjects.

Look at the index below: no wonder **THE EAST** has such a wide variety of readers — scholars, housewives, postmen, businessmen, artists, plumbers... you name it.

It's amazing how many people are puzzled, astonished or charmed by the mystery of modern Japan. It's a unique blend of old and new.

What's more, **THE EAST** is honest. **THE EAST** doesn't aim to dress up Japan like a sundae. We tell it like it is.
